Da ormai diversi anni, il libro ufficiale del Mondiale Superbike costituisce un appuntamento irrinunciabile per tutti gli appassionati del Campionato riservato alle derivate dalla serie, ovvero il mondiale delle moto che si possono acquistare dai concessionari.

Anche in questo nuovo annuario, dedicato alla stagione 2015, ampio spazio è riservato alla cronaca delle diverse gare in calendario, alle moto e ai campioni che costituiscono i tasselli fondamentali del poliedrico mondo SBK. Il "pezzo forte" del libro ufficiale, una di quelle parti destinate a fare la gioia dei cultori del genere è senz'altro quello sulla tecnica di questi autentici gioielli, raccontati nei minimi dettagli anche grazie al contributo dei tecnici che operano nelle diverse squadre e soprattutto illustrati da numerose immagini che mettono letteralmente a nudo le protagoniste del Mondiale. I capitoli sugli "altri mondiali", Supersport e Superstock 1000 e 600 completano questo volume.

The 2012 Superbike World Championship was the twenty-fifth season of the Superbike World Championship. Competition machines are based on 600-750cc - depending on the number of cylinders - production-based motorcycles. With 294 Grand Prix races won in Road Racing World Championship, Aprilia holds the record for the most wins of any European manufacturer in the history of maximum motorcycle competition. Competition machines are based on 600-750cc - depending on the number of cylinders - production-based motorcycles.
