La 1400 è stata il primo grande nuovo progetto della Fiat nel dopoguerra. Vettura innovativa, con la scocca portante, la carrozzeria "ponton" a tre volumi ed anche il motore Diesel, ha rappresentato il passaggio al modo moderno di costruire automobili. Affiancata dalla 1900 e dalle esclusive versioni Cabriolet e Granluce, è stato il modello Fiat di alta classe per tutti gli anni Cinquanta. Questo libro ne racconta tutta la storia, dalla nascita alle successive evoluzioni, corredandola con numerose immagini e accurate schede tecniche di ognuna delle versioni.

The Northrop F-5A and F-5B Freedom Fighter and the F-5E and F-5F Tiger II are part of a supersonic light fighter family, initially designed in the late. The Northrop F-5A and F-5B Freedom Fighter and the F-5E and F-5F Tiger II are part of a supersonic light fighter family, initially designed in the late. Below are just a few of the more than 100 vehicles in the collection which are on display in the museum. Prestone Concentrate Antifreeze/Coolant helps a vehicle's engine last longer with improved extended life technology; Fortified with Cor-Guard inhibitors.
