We are accumulating evidence to suggest that 17th century Renaissance. Giacomo Castelvetro. Abstract - Translations of contemporary polemical and political tracts attributed to or associated with Giacomo Castelvetro (1546-1616) show a rejection of a servile adherence to the source text and the effort to produce an autonomous, readable text, one that in many cases is stylistically elevated and hence 'literary'. Castelvetro afferma che non si tratti che di un mito perpetuato dalle masse ignoranti e dai poeti stessi. It Pays To Book Direct · Extraordinary Experiences · Great Location · Rewards Program The Fruit, Herbs and Vegetables of Italy by Giacomo Castelvetro; Translator-Gillian Riley; Foreword-Jane Grigson and a great selection of similar Used, New. The book was written by the Italian refugee, educator and humanist Giacomo Castelvetro who had been saved from the clutches of the Inquisition in Venice by the English ambassador, Sir Dudley Carleton in 1611.
